# Thickened Tea, Coffee & Hot Cocoa

Residents with swallowing difficulties can enjoy a hot cup of tea, coffee, and hot cocoa instantly with ReadyCare Thickened Coffee, Tea, and Hot Cocoa mix packets. Our single serve packets make it easy to serve these beverages any time of day. Plus the thickened coffee and tea are unsweetened and decaffeinated. Appropriate for most special diets, residents can still add small amounts of milk or cream to their favorite beverage to consume the way they like. Available in both nectar and honey-like consistency.

## Convenient & Versatile Safe Swallowing

- Black tea and coffee can be served as-is, with sweetener, or add up to 3/8 fl oz of creamer\*
- Decaffeinated tea and coffee to serve up any time of day
- Color-coded packets for nectar and honey-like consistencies prevent mix-ups
- Up to 3/8 fl oz of creamer can be added without changing consistency\*
- Smooth, lump free consistency

## Easy on Staff & Budget

- Easy preparation, just add 6 fl oz of hot water, stir and serve
- Dry mix packet allows for easy storage
- Single serve packet fits easily on patient's tray
- Economic alternative to preparing thickened tea, coffee, and hot cocoa in the kitchen

\*We recommend using the IDDSI Flow Test if adding any ingredients other than hot water.
