

Bag in Box Thickened Beverage System

With hydration as a concern in long term care, Lyons has combined the great taste and consistency of our Thickened Lemon Flavored Water and put it in a Bag in Box package. Here is a simple solution to help with the increased demands for thickened beverages. Bag in Box products are well suited to the needs of establishments serving high volumes of juices and beverages. Now you can dispense nectar consistency water or juice along with your regular beverages using our state-of-the-art dispensing system.

Convenient & Versatile

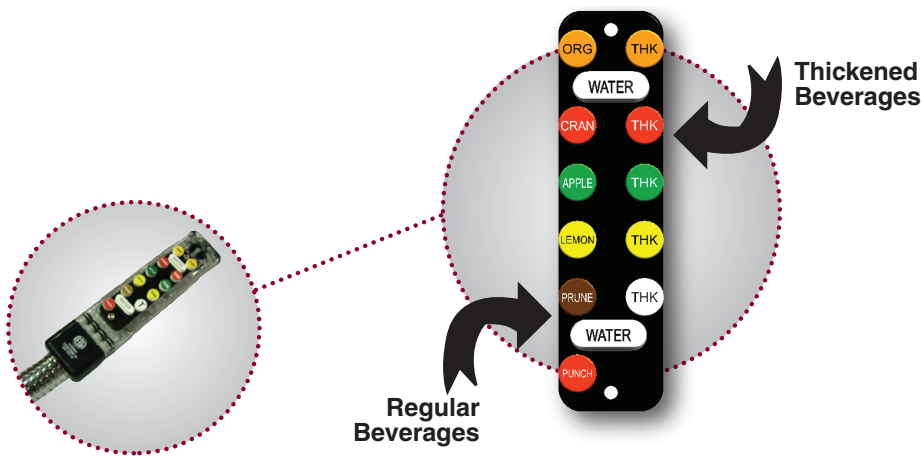

- Shelf stable packaging means no costly refrigerate storage
- Dispense nectar thick water and up to 4 different nectar thick juices and beverages
- Refreshing flavor encourages consumption-no starch aftertaste

Easy on Staff & Budget

- No preparation required
- Dispense regular and thickened beverages from the same bar gun
- Comprehensive national dispensing equipment and service program

Nutritious

- Each 4 fl oz portion provides 100% daily value of Vitamin C
- Low calorie for all diets - only adds 15 calories per 4 fl oz portion

NUTRITION AT A GLANCE - per 4 fl oz serving								
Item	Description	Calories	Total Carb (g)	Sodium (mg)	Potassium (mg)	Case Pack	Case Wt	Yield
